Intro:

It's a dreadful situation what has happen on creation
See mankind is heading to distruction
We must make a stand rise and make a change before
we wipe away the humans on this earth

Chours

If man would abide by rule
Knowledge is the strenght and you need no evidnence,
no
Then he wouldn't die like fool
To trod without your wisdom dat nuh make no sence,
no

Well do you think about your brother think about
another
Think about jah loving that we all could share together
Ever think to split the treasutre would never take that
measure
Just righteousness last forever question oppertunity
Whatis gonna be
Whatis in for you now tell me what is for me
I see your strategy
False prophecy
Good over evil always conquer your enemy

It's about time man can realize
That the gift of god is eternal life
You got to think positve in this time
That?s da only way we can survive
Stay away from the wrong and live upright

Chours

If man would abide by rule
Knowledge is the strenght and you nah need no
evidence, no
Then he wouldn't die like fool
To roll without your wisdom dat nuh make no sence
If man abide by rule
Knowledge is the strenght and you nah need no
evidence, no
Then he wouldn't die like fool

To shant without your wisdom dat nuh make sence, no

God created man and gave him dominion
Overall his creation
But man has violated the fathers plan
Love it's on the road to distruction, yeah

We talk bout realization
Coming throught with the right information
And the messenger give me the right inspiration
To break those evil walls of satan
Them ask a who?
A gentleman same one
Send da one ya to the hearts of peagons
And what we need is some unifikation got to overstand
we got to bunn this distruktion and them illusion
What we need is understanding
Give alittle love

Chours
If man abide by rule
Knowledge is the strenght and you nah need no
evidence, no
Then he wouldn't die like fool
To shant without your wisdom dat nuh make sence, no

Do you think about your brother think about another
Think about jah loving that we all could share together
Ever think to split the treasutre would never take that
measure
Just righteousness last forever question oppertunity
Whatis gonna be
Whatis in for you now tell me what is for me
I see your strategy
False prophecy
Good over evil always conquer your enemy
