And as barren and desolate as it stands...
The truth is: the truth is a liar.
And the liar stands alone.
But
It effects the hopeless romantic and where he stands
with love and trust and
Faith.
Well I've lost all faith my darling...
I've lost all faith...

"And
You knew I was selfish in the first place"
I gave you my all. my everything...

You've sucked
The life from me...
You've sucked the life from me...

Cause 2 or 1.
Less than 3
And I'd rather be 1 than 2.
Cause 1 would never lie to me.

So push this feeling aside.
Cause my home is where the heart is...
But
My heart is dead...

And I'm just not ready to forgive...

... when you're so ready to betray
