Peace my Nubian brothers
(Peace)

Aiyyo, knowledge this we came here to do one thing
And this is what we gonna do

We gonna drop the bomb
(Drop the bomb)
We gonna drop the bomb
(Drop the bomb)

We gonna drop the bomb
(Drop the bomb)
We come to drop the bomb
(Drop the bomb)

We gonna drop the bomb on the Yacub crew
(Drop the bomb, drop the bomb)
We gonna drop the bomb on the cave man crew
(Drop the bomb, drop the bomb)

We gonna drop the bomb on the ignorance crew
(Drop the bomb, drop the bomb)
We gonna drop the bomb
'Cause that's what we come to do
(Drop the bomb, drop the bomb)

Well I, build like a mason, facin' the east
Brought west, to the belly of the beast
Protest, because this land ain't just
I seek equality and freedom is a must

Now if understand is understood well that's good
On equal planes we can bring forth gain
Rise the dead, from the graves of slaves
Fly the head of the men in the caves

Try instead, to unify with our own plan
Why do we fear, the devil now that he's a grown man
'Cause he bought you, taught you how to eat the wrong
food
But now it's time for fasting

Life everlasting, offer thy I-self
Lord and master and all things in my circumference
Lord Jamar makes a difference
I have no tolerance for black ignorance

I keep striving, driving 'cause I'm driven
By the course of Allah, the true and living
Cream of the Planet Earth, God of the universe
The first soul, black like coal

That's how old, there's no set birth record
The devil couldn't check it even if he wants to check it
The Nubians wreck it, all will respect it
So I think we'll go ahead with knowledge, knowledge

Drop it
(Drop the bomb, drop the bomb)
Drop it
(Drop the bomb, drop the bomb)

What I provide will collide with devilish ways of thinking
Erasing false facts that started with Abe Lincoln
Being great, used his weight and freed the slaves
But did he free us?

Take a look around at the black man, see us
Illiteracy rules
They showin' cartoons in school
They're way understaffed and I don't understand the
math

Now the way the system works the black man can get
the purchase
Drop the family, it neutralizes many
Like wards of the state doin' one to ten in [unverified]
The welfare system can create a black horror

Now some people need the money but others, they can
manage
By doin' this they take away the cats who're
disadvantaged
And the long list grows
More dependency bodes

This creates a cycle but a cipher unequal
This is the wrong circle that contains the black people
Now the way devil got us is the way the devil want it
He try to hold us back and he overly floss it

This ain't even his land the Indians was here first
The savagery displayed made the red man disperse

I'm out to squash the whitewashed brainwashed line of thought

I got a million books and a school in the fort

In the rule, with three great teachers

Thoughts to seal made it clear is also a great feature

So beware devil man the days of [unverified] is almost over

The army's on the range, you think it's kind of strange

Nubians is in the picture, Armageddon's gonna hit ya

Drop it

(Drop the bomb, drop the bomb)

Drop it

(Drop the bomb, drop the bomb)

Drop it

(Drop the bomb, drop the bomb)

Drop it

(Drop the bomb, drop the bomb)

Well, here I go from the tippy so those who wanna flow

Let's go, steppin', in stride as I move with pride

Blind deaf and dumb the God, Haji's here to guide

Follow me now children

For wisdom, I always seem to give a conniption

Unlike a pimp, I'm more like an Egyptian

Straight to the kingdom is where I bring them

And I school em, now rule is where I rule em

He Allah, God Islam, now act

But let me slow down 'cause eighty-fives can't get with that

It's Haji, helpful to another God in need

(Word is bond)

True indeed

The devil is the one who dare not to knight us

Brought forth the plan on how to divide us

Jamaicans, Christians eatin' bacon, when I greet my brothers

I say, "Asalaam alaikum"

So I, strive to my duty for the better of the black man

Everywhere you look the black man is on the map and

Here comes a Nubian to give a hand and feed a land

When I drop my bomb it's headin' straight for the colored man

Known as Asiatic confrontation causes static

Might I add, I sincerely love Allah's mathematic
So let's move on, the mental of the black man has been
taught
I feel it's my Justice Cypher Bond to keep on

I come to reach one
Each one teach one, so here I come to the drum
Pull it back on time, pull it back
'Cause see the purpose of me comin'

Is to give a third eye to the blind
For years we fought, the blind's been taught
The chains in thought but this time
Black man we're takin' no shorts

Can't be used as a tool, nor as a slave
Here comes the God to send the devil right back to his
cave
So uncle Tom just be alarmed 'cause it's time to
(Drop the bomb, drop the bomb)

Drop it
(Drop the bomb, drop the bomb)
Drop it
(Drop the bomb, drop the bomb)

Drop it
