[Grand Puba]

See more pennies than a loafer, whip the SP-500

prophy-

[Lord Jamar]

We never movin backwards, attractive

To the active, mental state, and these black kids

[Lord Jamar]

It be the rich and the prominent that leave you lost
I be the dominant force, similar to gravitation
Follow my course of navigation, we'll earn respect
and admiration of the population pump it on your
station

[Sadat X]

A masked man came with the quick-fast game
with the kick-ass aim, and the plan for holdin big heads
Tryin to jump two spaces and beat two different cases
I been to many places so you know this is the time

[Grand Puba]

So check the rhyme gallery, I earn the top salary
I go to battles, cause my rhymes is superfat with
calorie
Watch the Grand blow up like The Nutty Professor
Tommy Hil' better see me with three mil', nothin less

[Lord Jamar]

From the days of James Brown up to Erykah Badu
Mass hysteria was nothin new, we put it down
in the midst of the abyss and likeness of God
Makin sure the course stays hard, yeah, what

[Lord Jamar]

Uhh, one time for my peoples that be lovin the rhyme
(yeah)
We keep it bubblin, even in these troublin times (say
