And a swift hand on the witness stand

Before the grand, I can't go out on my man

I know nothing of the sort, never seen a transport (hah)

Wax built thors and cats who open doors (huh)

Can get it in their paws when I release my youth

Down with jamar, he's in the b-k, haji in the rule

Known alamo since birth, young boys we went to school

Family planner, I can't forget my daughter in atlanta
(what?)

Chorus

Verse three: lord jamar

Yeah

Light-skinned, understandin see with brown eyes (hah)

Seen me in the van, the streets of crown heights (huh)

Wit weed in my hand, runnin lights (uhh)

In need of a grand to put down on a fight (yeah)

See me and the brand nubians keep it tight

Flew me in to do a show in the middle of the night

If we don't get our dough then you know we're gonna
fight

Keepin niggas on their toes cos our flows be right
(word up)

I used to bag hoes on sight

Now it turns me off when their clothes be tight, I'm on
the road of the

And just, when I was 15, I used to smoke dust

Now I strive to stay pristine and free from lust

Watch the 3 bust, I be the black g-zus (hah)

Attack any man who plan to freeze us

Your hand should be up, my man's be tree'd up (huh)
In a land that the black man needs to free up!
