You know what, baby
I need to tell you something
And it's something very important, you know
I want you to take this time out and just listen
And hold me close, you hear me? Listen

Can I have you for a minute?
Don't get shy 'cuz my heart's in it
(When I say)

You got me strung out
I don't know and I can't call it
But whatever it is, you've got it
(Naw, babe)
Without a doubt, yeah

Never been the one to cling
And I don't like to be needed
(But now)

I guess that's all changed
That's why I get mad at your phone
'Cuz I don't want you to go
(Naw, babe)
I want you to stay

You can say, I'm trippin' but I'm stingy
And I can't hide it, wanna keep you all to me
I'm selfish, why try to fight it?

You're the only one, with the only love
That's strong enough to claim me
So, please forgive me, I'm just stingy
But how can you blame me?

(Listen)
Baby, tell me how you do it?
'Cuz you got me so into it
I'm gone but I don't understand
So amazing, captivating, elevating

Any way you try to put it

I wanna be your man, so, if you
(If you wanna put me on)
I don't mind it's alright, I'm for it

I would so, adore it
Nothing turns me on more than being with you
Baby, I'm not trippin'

You can say, I'm trippin' but I'm stingy
And I can't hide it, wanna keep you all to me
I'm selfish, why try to fight it?

You're the only one, with the only love
That's strong enough to claim me
So, please forgive me, I'm just stingy
But how can you blame me?

Do what you want anything, anything?
I am all yours, you can do no wrong
Everything, everything
I do because I'm so wide open

No joking, you got me right where you want me to be
I just hope you feel the same
'Cuz I don't want nothing to change

This is where I wanna be
So, if you wanna put me on
I don't mind it's alright, I'm for it
I would so adore it
Nothing turns me on better than being with you
Baby, I'm not trippin'

You can say, I'm trippin' but I'm stingy
And I can't hide it, wanna keep you close to me
I'm selfish, why try to fight it?

You're the only one, with the only love
That's strong enough to claim me
So, please forgive me, I'm just stingy
But how can you blame me?
