Chorus

When I listen to You,
that's when I learn
of Your love for me
And Your longing to lead
Me through every turn
So I'll go with You to a quiet place
where Your heart can be heard.

And I will listen to You
I will listen and learn

seems my life is filled with so many words
Always doing my very best to be heard
And I've been quick to tell You
What I think You should do
But what I really need the most
Is just to hear from You.

Chorus

Listening isn't easy,
Listening can be hard
It tears at the defenses
Of words that guard our hearts
Though it may be hard to hear
Let Your voice come through
I'll put aside my words
And wait to hear from you

Chorus

Bridge
I will wait for You in silence
I will wait to learn from You
Please meet me in this quiet moment
And whisper Your Words of Truth

Closing

When I listen to You
That's when I learn

Of You love for me
And Your longing to lead
Me through every turn
So I'll go with You to a quiet place
Where Your heart can be heard
And I'll listen to You
And I will go with You to a quiet place
And I'll listen to You
and I'll learn from You
I will listen and learn
