A simple man of simple dreams  
He built His life on ordinary things  
Worked the land as if it were His friend  
His words live with me to the end  
Give more than you have taken  
Love most the ones forsaken

Chorus  
Simple heart beat in me  
Until I can see a  
Simple heart will set me free  
To let extraordinary things  
Flow through this ordinary  
Heart of simplicity

It was a simple thing for a boy like me  
To pray a prayer and then believe  
Those were simple times, how times change  
Boys grow up and life complicates  
I am older, but am I wiser  
Has my simple heart grown colder?

Repeat Chorus

He was a simple man of simple means  
The simple truth is that He was the King  
He leads us down the narrow way  
That is only seen with a child's faith

Repeat Chorus
