I am the end of the world.
When the time is right you will know my fucking name.
Lie in the gutter and pray to the god of I don't give a fuck.
This isn't an anthem, this is a lullaby. So go to sleep
and wish that you'd never wake up.
They all deserved to die.
I pushed the button, I watched the sky rain death.
Consider this global abortion.
I now know what your future holds.
I am all knowing and almighty.
You will honor and revere.
True survival is pouring salt in the wound.
I hold your pathetic lives in my hands.
If you won't die for me, you will die because of me.
I pulled the trigger on the entire human race.
This is as big as murder-suicide gets.
I am the end of the world. My dick now lies in your
rotting mouth.
Nothing to do now but watch the world die.
