

The Acacia Strain "Kraken"

This is my wasteland, this is my ruin.
This is the best thing that's ever happened to me.
You've read about me in the papers and seen me on
TV.
Now we are meeting face to face.
I cut the hands and feet off of living things.
I have seen you rise and fall.
I have walked the earth from end to end.
I cut the hands and feet off of living things.
You are not worth saving.
You are not worth caring for.
I am terror, I am famine.
I am the worst that will ever happen to you.
I am horror, I am exile.
I am the worst that will ever happen to you.
I'm never going to be there for you.
I'm never going to pick you up when you are down.
I am not your shoulder to cry on.
