I said run.
And you won't be able to see me because you'll be
bleeding from the eyes.
The thought of your genitals makes me sick and I bet
you could fit five cocks up that ass.
Why don't you just strap a mattress to your back?
These are the last days of the rest of your life.
Next time I want a better excuse - dropped like a bad
habit.
I wash my hands of you all.
My slate is clean.
And I'll be smiling all the way to the bank.
Face down, ass up; I want to destroy something
beautiful.
By the end I want everyone dead.
By the end I'm going to be the only one standing.
Not even your children are safe.
