I am (I am), I am Superman
And I know what's happening

I am (I am), I am Superman
And I can do anything

You don't really love that guy you're making with now
do ya?
I know you don't love that guy cause I can see right
through ya

I am (I am), I am Superman
And I know what's happening

I am (I am), I am Superman
And I can do anything

If you go a million miles away, I'll track you down girl
Trust me when I say I know the pathway to your heart
[x2]

I am Superman and I know what's happening

I am (I am), I am Superman
And I can do anything

I am (I am), I am Superman
And I know what's happening

I am (I am), I am Superman
And I can do anything
