An old lady helps me as I'm crossing the road  
She sees the direction and the weight of my load  
She points to a man taking peace to the poor  
And a record is broken by the arm of the law

And you and I as we skate, pitch or ride  
We seek our adventures in the places we hide  
The pendulum dances, opinion poles swing  
Not to mention the meaning of contemporary things

#### PRE-CHORUS

We're chasing the feeling that our money can't buy  
Our pocket books empty but we're ready to try

#### CHORUS

On strange days everything is stranger  
And don't I know nothing comes without danger  
On strange days everything is stranger  
Don't I know nothing comes without danger

Drowning not waving in a film title end  
Our mothers and fathers have postcards to send  
We calculate the loss and unfortunate things  
And the healthy economy that good warfare brings

#### PRE-CHORUS

We're chasing the feeling that our money can't buy  
Our pocket books empty but we're ready to try

#### CHORUS

On strange days everything is stranger  
And don't I know nothing comes without danger  
On strange days everything is stranger  
Don't I know nothing comes without danger
