This is for the ladies
(Shake it, shake it)
(Shake it, shake it)

I saw this girl and she was tight
(You should go and talk to her)
I said alright

So I grabbed a hold of her
Got up in those eyes
I didn't know what to do or what to say
Caught up in those eyes

Girl, I can't take what you're doing
You're who I'm choosing
Shake it like you got something, go

Yeah, you rock my world
Shake it, gotta rock out your body
Rock with your body
Dance with me

Girl, you got that something, something
I want that something, something
Gimme that something, something

Now here we are, don't turn around
I'm liking what, I see what's going down
I wanna take you home so we can be alone
(Whatcha sayin' girl, you goin' home with me?)
So we can be alone

Girl, I can't take what you're doing
You're who I'm choosing
Shake it like you got something, go

Yeah, you rock my world
Shake it gotta rock out your body
Rock with your body
Dance with me

Shake it like you got something, go

Yeah, you rock my world
Shake it, gotta rock out your body
Rock with your body, dance with me

If you wanna ride with G
You better come dance with me
Girl, if you wanna come back to the suite
You better come dance with me

I can't take what you're doing
You're who I'm choosing
Shake it like you got something, go

Yeah, you rock my world
Shake it, gotta rock out your body
Rock with your body, dance with me

Girl, you got that something, something
I want that something, something
Shake it, gimme that something, something
Dance with me

Girl, you got that something, something
I want that something something
Shake it, gimme that something, something
Dance with me

Girl, you got that something something
I want that something something
Shake it, gimme that something something

No, I can't take what you're doing
You're who I'm choosing
