Ann, oh, my dear Ann
You hit me in my face again
Ann, oh, my dear Ann
You made me feel a lonely man
You made me feel a lonely man

Ann, oh, my dear Ann
With your ice cold words
I just can't tell you how it hurts

(CHORUS)
Why can't we live with peace
Or must I beg you on my knees
Why can't we live with peace
Or must I beg you on my knees

Ann, oh, my dear Ann
I wanted you but
You've done it again
You made me your fool
But from the start
I'll play it cool

(CHORUS) 2X

Why can't we live with peace
Or must I beg you on my knees
