[Intro: Snoop Dogg]

Can you count?

Same old shit

Different town

Same old shit dogg (they got money, they holla and shit)

My nigga Ke'Noe

Yeah, you know these hoes and shit

You know a nigga talk bad about 'em

Check this out nigga

Pull up a chair

[Verse 1: Snoop Dogg]

It's like, every time I turn around

It seems some clown is pulling me down

Snakes, cut throats, and short dough

And all kind of traps that's made for po folks

No joke, now you could quote what I say

If I may, display dialogue

So come on dog, we like to hustle and ball

From the streets to the suites, what's your name baby doll?

Get in, sit in, where you fit in

All that ass first class, baby slid in

In cool with Snoop and now we groovin up the blocks

Headed up the spot and now we bout to get T'ka

Just because she fly, doesn't mean she's not a rag

Betta hit the liquor store and get some Jimmy hags

Cold game ain't it, especially when you famous

These bitches out to get ya for your cash, that's what they game is

Ke'Noe

[Chorus: Snoop Dogg]

Bitches ain't Shit

I said it before and I say again

Nigga, shit bitches ain't shit

They only fuckin with a nigga cuz a nigga got bread

[Verse 2: Ke'Noe]

My uncle Snoopy told me nephew watch out for these
hoes
They call me cute but that shit don't even matter no

I'm like new money, when they come through they be
catching a fit
We call 'em gold diggers and groupies, cause they
loving a dick
Now follow me as I take you back to my life as a mack
I was a scardy little nigga wearing baseball caps
And every girl up in the city knew that I had snaps
I used to slam niggaz wives and they gon take me to
nap
They like a G with the big bank and tight ass ride
They like to smoke up all your weed and try to ruin your
hide
I been a mack baby, since I was 10 years old
And now i'm in my early 20's now, i'm still mackin these
hoes
I'm a million dollar nigga, so I treats myself
They oughta ban gold diggin cuz it's bad for your
health
Snoop, you the player of the year so i'm the mack of
the year
That's the end of my freestyle, and i'm out this biatch

[Chorus 2x: Snoop Dogg]

Bitches ain't Shit
I said it before and I say again
Nigga, shit bitches ain't shit
They only fuckin with a nigga cuz a nigga got bread

Said it was your first time, bitch you's a professional

[Ke'Noe]

Then I ditched that bitch at the fuckin' telly
