Isn't it funny how you never really screamed at my
face,
But your anger so unspoken and unchannelled
Permeates my essence to the point where I,
Don't want to see you hear you, be anywhere near you,
You probably think I'm threatened by you
But your illusionary power doesn't threaten me,
Actually I think it's kind of funny that you create an
illusion that is a mirror,
I don't appreciate you and I know that that surprises
you
I suppose you see that those who follow their heart
always win,
Those with integrity have won the match before it's
begun
So rather than being kicked around, I'm going to kick
you to the curb
So rather than being pushed around, I'm going to push
you away first
So rather than trying to protect you, I'm going to cover
my bases first
So rather than trying to open my heart, I'm going to
lock it with a key
So that only the special ones, so that only the special
ones, can ever get through to me
Some can see beyond the barrier of threshold whereas
others can't see beyond their sculptured mould,
You could offer me nothing, you could offer me
nothing that I need
Do you think I'm asking too much?
A kind of respect and trust that shouldn't even be
questioned,
How can I open my heart with dishonesty sitting next to
me?
I've honoured your honour to the point of
embarrassment,
But innocence in the hands of the guilt-free is kicked
to, is kicked to the curb
I was ashamed of my innocence,
I was ashamed of my innocence but now with clarity I
see that your bullshit is just not worthy of me
So rather than being kicked around, I'm going to kick

you to the curb
So rather than being pushed around, I'm going to push
you away first
So rather than trying to protect you, I'm going to cover
my bases first
So rather than trying to open my heart, I'm going to
lock it with a key
So that only the special ones, so that only the special
ones, can ever get through to me
I don't want to be angry.
I don't want to be angry.
I don't want to be angry.
I don't want to be angry.
This is not worthy of me
And now with clarity I see
That I can walk away,
I can walk away
