Me and Valentina went down to the chapel but the
gates were shut
I had my vows on my pocket and my gold plated ring
for my honey love
We headed down Tropicana to the corner with a late
night restaurant
We sat close from each other when I looked her in the
eyes there was something gone

[Chorus]

Was it something that I said or did?
Was it something that I should have kept here
If you leave me hanging I don't know what I'll do
It doesn't matter who's wrong or right
In the clear of a blue moonlight
You got me on my knees
Valentina this is not like you

I got a job in the nugger and I'll save a thousand
dollars for a brand new start
She said: I didn't wanna do it but I did it cuz I didn't
want to break your heart

The way they whisper when they said we had to take
the conversation to the parking lot
Please baby, please Valentina, baby you're everything I
got

[Repeat Chorus]

I heard the church bells ringing in my head and I'd take
them everywhere I'd go
Valentina met a deal and I heard they had a baby five
months ago

Was it something that I said or did?
Was it something that I should have kept here
If you leave me hanging I don't know what I'll do
It doesn't matter who's wrong or right
In the clear of a blue moonlight
You got me on my knees
Valentina don't say it's true

This is not like you
