You're nice, so nice , a very special person in my life
there's just so much about you, that I like
and it's been so good to know, you've always been
there for me, when I needed a friend
and ohhh by the way, i just want to say

chorus: Anytime, anytime, anytime of the night or day
I will be just, a telephone call away! uhmmm

Alright, there might, have been some times you havn't
been so nice
small things about you, that i've never liked,
but then, I still must say that I can't remember when
I havn't thought of you as my dear friend
and ohh by the way, I just want to say , chorus:

I said if you need me,
ohhhhh,ohhh, I'll always be, just a telephone call
awayyyy
and if you need someone to listen too, what you have
to say, yeah!
I will be just a telephone call away!

There might, be times
we just might not run across, each others minds
too busy changing, with the changing times
but then ahhhh, I know there always come a morning
when
I think about your smiling face again
and ohhhh by the way, here me say!

chorus:
I said if you need me ,ohhh, I'll always be, just a
telephone call awayyyy,
and if you need someone to talk too, or just to pass the
time of day, I will be just a telephone call away!
and if you need someone to listen ,to all that stuff you
got to say, I will be just a telephone call away!
