See that girl over there? Everyone thinks she's hot  
And after a few, your thinkin that you've got a shot  
Well maybe you do, maybe you don't  
But if you strike out there, there hauss  
And start telling yourself it's her lose

Chorus:

That's just drinkin thinkin, liquor logic in a can  
Your brian cells party, and your body believes your  
supperman  
That's just drinking thinkin  
And here's where the trouble starts  
The more you drink, the better you think you are

From this stage, and these lights  
I see this stuff every night  
A guy with a tie will challenge a biker to a fight  
Or the karaoke king who gets up to sing  
An oldie and hears the applause  
And beleives he can quit his day job

Repeat Chorus

SOLO: your getting better all the time

That's just drinkin thinkin, liquor logic in a can  
Your brain cells party, and your body believes your  
superman  
That's just drinkin thinkin  
And here's where the trouble starts  
The more you think, the better you drink you are  
Ah The bigger and badder ,smarter and better looking  
you think you are  
You better switch to coffee
