Well she gave him the last chance
For the hundreth time again
And he hears the words she said
But he can't let the truth sink in
It won't sink in
You think he woulda learned by now
No one ever showed him how

We fly, we fall, we run we crawl,
We laugh, we cry
Can't stay alive between the lone
And goodbye
So we win some, we lose some
We lonesome

She looks out her window
At the thousand souls below
How easy it would be
To close her eyes and
Just let go just let go
You think we woulda learned by now
It's not like no one showed us how

We fly, we fall, we run
We crawl, we laugh, we cry
Can't stay alive between the lone
And goodbye
So we win some,
We lose some we lonesome

We fly, we fall, we run
We crawl, we laugh, we cry
Can't stay alive between the lone
And goodbye
So we win some, we lose some
We lonesome

We fly
(Lonesome)
We fly
(Lonesome)
