Baa baa blah blah blah la la la doo wop do we
ooo we ooo doo wop do we ooo wee ooo

Out the window was one of those moons
On the radio playing was one of those tunes
I was in one of my moods
and it looks like
the universe is singing their tunes
the catapillar is in the coccoon.
Still in one of my moods
and it looks like

One of those summers, one of those summers again
Its going to be one of those summers; one of those
summers again

Hey Hey I've been waiting for a very long time
Now that winter's over; baby I've got time to make you
mine.

Out the window was one of those moons
the catapillars had left the coccoon
Still in one of my moods
and it looks like

One of those summers again. Oh
sho be do wop; sho be do wop Eh hey.

Out of the window was one of those moons
On the radio playing is one of those tunes
I was in one of my moods
and it looks like its gonna be

One of those summers; ones of those summers again
(repeat)

Summer, I've been waiting for a very long time
Now that winters over; I've got time to make you mine.
You know you gotta stop all the fighting and go now
Yeah, where where we write another piece to the world
like this song.

We're going to party; Were going to party to this song.
We're going to come together.
