I could say I've never been better I hardly miss you
since you've gone
And losing you was for the best and life goes on
I wake up just fine each morning the same way I always
have
I don't toss and turn at night and my heart don't hurt
that bad
But I'd be lying I'd be lying I'd be lying
[guitar]
I could cross my heart and tell you this house still feels
like home
And I'm enjoying all this time on my hands now I'm
alone

And there's no regrets that haunt me blowing on the
midnight wind
And I never wish I could hold you here in my arms
again
But I'd be lying I'd be lying I'd be lying

I could look you in the eyes and swear that it's all true
That it's only a matter of time till I stop loving you
But I'd be lying I'd be lying I'd be lying
But I'd be lying I'd be lying I'd be lying
[guitar]
