You've got the whole world on your shoulders
And it's more than you can bear
I hear you calling for some help
But is there anybody there?
Well, I'm here to let you know
This was never meant for you
I know what you're going through

So come to Me weary now
And I will lay you down
Throw all your cares aside
You will never be denied
Come set your burdon free
You will be safe with Me
Come to Me weary now
I will lay you down

So don't you worry about a thing
I'm gonna get you through the night
I know you're scared
But it's gonna be all right
And if you wake before the light
Don't be afraid
Just call My name
I'll hear you pray
I'm on My way

So come to Me weary now
And I will lay you down
Throw all your cares aside
You will never be denied
Come set your burdon free
You will be safe with Me
Come to Me weary now
I will lay you down

Everything is all right
'Cause I am on your side
And if you need to
You can hide in Me
'Cause all you need to know
I would never let you go

I am the lover of your soul

So come to Me weary now
And I will lay you down
Throw all your cares aside
You will never be denied
Come set your burdon free
You will be safe with Me
Come to Me weary now
I will lay
I will lay you down

I will lay you down
