[Verse 1:]

How could you be blind when everybody around you  
sees the happiness you found was when you were still  
with me and I know that everything ain't going right Is  
that enough to give a better thing in our life 3 years in  
this relationship how could you leave  
Me like this

[Pre Chorus:]

When you know (you know) that I've been right there by  
your side Baby I showed (I showed) you everything that  
you desired Baby I tried (tried) to make some sense of  
you and I Then you say it ain't working out this time no

[Chorus:]

You gotta look me in my face And tell me you don't love  
me anymore Before you go and walk out that door If  
you mean what you say then why you looking my way  
You gotta look me in my face

[Verse 2:]

Try to think about it about it let's take it back to day one  
(one) You was trying to get ya shit together Took you in  
my home And I can't believe you go and try to turn it all  
around Look at me cuz I'm the one you need to be  
talking to 3 years up in the relationship and you gonna  
leave me like this

[Pre Chorus:]

When you know (you know) that I've been right there by  
your side Baby I showed (I showed) you everything that  
you desired Baby I tried (I tried) to make some sense  
of you and I Then you say it ain't working out this time  
no

[Chorus:]

You gotta look me in my face And tell me you don't love  
me anymore Before you go and walk out that door If  
you mean what you say then why you looking my way  
You gotta look me in my face

[Bridge:]

And tell me that you don't need me You can't be having  
no doubts while you looking around Talk to me now If  
you look at my face and ya feelings have changed You  
don't have to stay with me You can go on and leave If  
you don't wanna be with me Just look me in my face

[Pre chorus:]

When you know (you know) that I've been right there by  
your side Baby I showed (I showed) you everything that  
you desired Baby I tried (tried) to make some sense of  
you and I Then you say it ain't working out this time no

[Chorus:]

You gotta look me in my face And tell me you don't love  
me anymore Before you go and walk out that door If  
you mean what you say then why you looking my way  
You gotta look me (You gotta look me in my face)
