We'll build a little cabin on a really tall hill
Plant a little garden, pray for every meal
And we'll grow and we'll grow
Take a little nap on the butterfly grass
Just you and I and the clouds that pass
Hold me close, hold me close

We'll be living out where the river bends
Where the grass gets green and the highway ends
Livin' easy where it's you and me baby and the
daffodils
Kids growing up in the rolling hills
And love will be enough for us

Rain's comin' down on the old tin roof
It's a lullaby storm in the middle of june
Fallin' slow
Fallin' slow

We'll be living out where the river bends
Where the grass gets green and the highway ends
Livin' easy where it's you and me baby and the
daffodils
Kids growing up in the rolling hills
And love will be enough for us

Ooooh, love.
Ooooh, love.
Will be enough

So what are we doin' on the 7th floor
Of a high rise apartment prayin' for more
We could be livin' out where the river bends
Where the grass gets green and the highway ends
Livin' easy, livin' easy
Where it's you and me baby and the daffodils
Kids growing up in the rolling hills
And love will be enough for us
Baby love, will be enough for us.

We'll build a little cabin on a really tall hill.
