There's a man on my street  
He reminds me everyday  
Better take what you can get  
Cause there's nothing more than this  
Daylight fades into the ground,  
Oh Lord I need you now

#### CHORUS

Cover me with the red sky tonight  
The promise of a better day to come  
Sing over me an angelic symphony  
Tell me everything will be alright  
With the red sky tonight

We're so *\*taken\** with our fear  
*\*That\** we're folded up in shame  
*\*With our feet nailed\** to the floor  
We're the only ones to blame  
I can't help but wonder why  
Nobody bats an eye  
You can see it in the faces  
Of all *\*the passers by\**

So, cover me with the red sky tonight  
The promise of a better day to come  
Sing over me an angelic symphony  
Tell me everything will be alright

I sail into the sun  
When the day is done  
I need you in the night  
So wake me in the dark  
I see you in the sun  
When the day is done

Cover me with the red sky tonight  
I promise a better day will come  
Sing over me an angelic symphony  
Tell me everything will be alright  
Tell me everything will be alright  
Tell me everything will be alright

It's the red sky  
It's the red sky  
Tonight
