There's an air everywhere
Of inconsideration and despair
I don't consider you
And you don't consider me
And it's well understood
We don't care

Chorus

You know we don't have to wait until the end of the
night
Just to say that something's wrong and maybe
nobody's right
We're all victims in a battle
We never had to fight
It's ok it's alright
Steady now
We're in this thing together
We're in this together

I regret that I forget
Confessions always seem to stay unsaid
And maybe I worry that you'll forsake me
Use my shame as a weapon
And go on and break me

Chorus

Cause I want to take the time to say
I'm sorry I haven't loved you the way I should
Do you think that you could forgive me
Just try to hear me
I need you with me now

You know we don't have to wait until the end of the
night
Just to say that something's wrong and maybe
nobody's right
We're all victims in a battle
We never had to fight
It's ok it's alright

Repeat

Steady now
We're in this together
Steady tonight
