1st verse)

I've got a perfect situation
And I'm so lucky that I feel the way I do, girl
I've got no heavy complications
You keep my love from coming straight to you

Oh you are smiling with another
Your eyes keep telling me you just don't care
If we could talk just for a minute
I get your number and we go from there

(Chorus x2)

Oh you (girl) are on my mind (on my mind)
And I love to make you mine (I'll make you mine)
Reach your heart and soul to me (on my mind)
Turn your love to extasy (baby love, baby love)

(2nd verse)

I caught your eye just for a moment
And now you know the way I feel about you, girl
You keep on seeking my attention
I think I see what you were planning to do

With some excuse you leave the table
You want to meet me near the powder room, yeah
I follow you without his notice
You touch my hand and slip your number to me

(Chorus)

Oh you (girl) are on my mind (on my mind)
And I love to make you mine (I'll make you mine)
Reach your heart (girl) and soul to me (on my mind)
Turn your love to extasy (baby, baby, baby, baby)

Reach out your hands to me
And our love for sure will be (baby love, baby love)
Reach out your heart to me
Turn your love to extasy

(Bridge)

Oh you are on my mind
And I love to make you mine

Reach your heart and soul to me
Turn your love to ecstasy (baby, baby, baby, baby)

Reach out your hands to me
And our love will surely be (baby love, baby love)
Reach out your heart to me (reach out baby)
Turn your love to ecstasy (baby, baby)

(Chorus)
Reach out your heart to me
Turn your love to ecstasy
Reach out your hands to me
And our love will surely be

Reach out...
