work through joy through work the goddess of religion  
dogma and guilt  
poor me start joyful destiny, respite guilt free passion  
grant fear of freedom sympathy god and myself god  
and myself  
to another place from respect joyful girl, thankyou

and I'm ready to release on another day, I'm ready to  
respect the day today  
I'm ready to respect myself today, I'm ready to release

self-image confidence troubled comfortable blame  
touching partake  
with grace jealousy wisdom unabashed joy and me you  
yum  
power transference to equality letting go joy again  
loving do unto others as to yourself, thank you

and I'm ready to release on another day, I'm ready to  
respect the day today  
I'm ready to respect myself today, I'm ready to release  
on another day  
I'm ready to release myself today, I'm ready to release

male female innocent carefree, fate honour and wrong  
success caressing a self love, do to yourself as to  
others  
comfortable held release, comfortable held release...

and I'm ready to release on another day, I'm ready to  
respect the day today  
I'm ready to respect myself today, I'm ready to release  
on another day  
I'm ready to release myself today, I'm ready to release

and I'm ready to release on another day, I'm ready to  
respect the day today  
I'm ready to respect myself today, I'm ready to release  
on another day  
I'm ready to release myself today, I'm ready to release
