I've seen the way you handle other guys  
I watched the water fall from their eyes  
Your little world of love is so unfair  
It'd be a nice place to visit but I'd sure hate to live there  
The kisses that you give 'em must be nice  
Cause they keep on a coming back to spite the price  
Your love is probably something very rare  
It'd be a nice place to visit but I'd sure hate to live there  
It'd be so nice to taste those kisses you leave layin'  
round so loose  
Bud I'd wake up in the morning with the king size case  
of the blues  
Yeah my mama told me something the way back then

She said if you get burned boy don't go back again  
Your beauty keeps on a waggin' me I swear  
It'd be a nice place to visit but I'd sure hate to live there  
It'd be a nice place to visit but I'd sure hate to live there
