I know your leaving's too long overdue  
For far too long I've had nothing new to show you  
Goodbye dry eyes I've watched your plain feet off west  
to the moon  
It felt so strange to walk away alone  
No regrets no tears goodbye don't want you back we'd  
only cry again  
Say goodbye again

The hours that were yours echoe like empty rooms  
The thoughts we used to share I now keep alone  
I woke last night and spoke to you not thinking you  
were gone  
It felt so strange to lie awake alone  
No regrets no tears goodbye...

Our friends have tried to turn my nights to day  
Strange faces in your place can't keep the ghost away  
Just beyand the darkest hour just behind the dawn  
Still feels so strange to leave my life alone  
No regrets no tears goodbye...
