Friends come  
And friends go  
As I go round and round in circles

Love someone, change your mind  
Decide he was a swine  
As you go round and round in circles

He who knows does not speak  
He who speaks does not know  
And I go round in circles

Dislike someone and will not bend  
Later they may become your best friend  
As life it goes round in circles

[Incomprehensible]

He who knows does not speak  
He who speaks does not know  
And I know that I go round in circles

Soul takes on a body with each birth we make our date  
With life and death along the road the soul  
reincarnates  
The show goes round and round in circles

When loss and gain and up and down  
Becomes the same, then we stop going in circles  
Round and round in circles  
Round and round and round [Incomprehensible] circles  
Round and round [Incomprehensible] circles  
Round and round and round in circles

[Incomprehensible] circles  
[Incomprehensible] circles  
Round and round and round [Incomprehensible] circles  
[Incomprehensible] circles
