When sunshine is not enough  
To make me feel bright  
It's got me suffering in the darkness  
That's so easy come by on the road-side  
Of one loong life-time

It's got me deep blue  
You know I'm deep blue

When you stand there, watch tired bodies  
Full of sickness and pain  
To show you just how helpless you really are  
When you get down to the truth  
It hurts me

It's got me deep blue  
You know I'm deep blue

When I think of the life I'm living  
Pray God help me; give me your light  
So I can love you and understand  
This repetition that keeps me here  
Feeling deep blue

It's got me deep blue  
You know I'm deep blue
