"If You Believe"

You can worry your life away with
Not knowing what each new day may bring to you
Or take each day as it goes on
Wake up to the love that flows on around you

If you believe, if you believe in you
Everything you thought is possible, if you believe
If you believe in me
All your love's reflected back when you believe

Too many troubles you can't control
To get you falling into the holes they dig for you
Get up, you have all your needs, pray
Give up, and it all recedes away from you

If you believe, if you believe in you
Everything you thought is possible, if you believe
If you believe in me
All your love's reflected back to you, if you believe

If you believe in you
Everything you hope [Incomprehensible], if you believe
If you believe in me
All your love's reflected back, if you believe

If you believe in you
Everything you thought is possible, if you believe
