Let me in, dear
I know I've been here
Let me into your heart...
Let me know you
Let me show you
Let me roll into you...
All I have is yours
All you see is mine
And I'm glad to hold you in my arms,
I'll have you anytime
Let me say
Let me play
Let me lay in your-oooooh...
Let me know you
Let me show you
Let me grow upon you...
All I have is yours
All you see is mine
And I'm glad to hold you in my arms,
I'll have you anytime
Let me in, dear
I know I've been here
Let me into your heart...
