Yo, it's time for me to pump the volume
No problem, the record's revolvin'
Evil's the mixer, I'm the rap trixister
Paparazzi on the bum rush for pictures
Ice, coolin', yo colder than ever
Punk executioner E pull the lever
Rotate the wax tehn cut an'axe the tracks
Push up the levels till the red lights max
Don't try to size up, you better wise up
To the rap criminals, we're succeeded
Dope beats and lyrics, no beepers needed
For this drug deal, I'm the big wheel
The dope I'm sellin', you don't smoke, you feel
Out on the dance floor, on my world tour
I'm sellin' dope in each and every record store
I'm the king pin when the wax spins
Crack or smack will take you to a sure end
You don't need it, just throw that stuff away
You wanna get high? Let the record play

I'm your pusher

I know you're lovin' this drugs as it's comin' out your
speaker
Bass thru the bottons, highs thru the tweeters
But this base you don't need a pipe
Just a tempo to keep your hype
Groovin' like I see you doin'
Some stupid crack would just ruin
Your natural high, why?..that ain't fly
And anyone who says it is, lies
Move like I knew you would, like I knew could
And if you ain't cracked out, then I know you should
Be able to give me a clap, to match exact with the track
And since I know that you ain't, I expect that
Oh now this jam is lit, it's like the ultimate
People high off dope but still physically fit
I'll make a million bucks, pack my dough in trucks
>From sellin' dope beats, dope rhymes, dope cuts
I'll be the biggest dope dealer in history

Because all the fly will be high off that Ice-T

I'm your pusher

I'm bring it to boil, Evil E rock it up
You want it?..I don't think you got enough
Last suckers crossed, Syndicate shot'em up
Cops found'em in the lake bottom up
I don't play when it comes to my dope
I check my lyrics close, like with a microscope
I don't clean'em up with no ivory soap
I leave'em hard and pure, hope that you can cope
Because you might O.D. if you overdrive
This record, tape or CD, because the sound I've
Created on this wax is like a chemical
And the knowledge I give, makes me invincible

I'm your pusher

The cops don't know what to do, because my dope
breaks thru
No matter what they do, my stuff gets to you
Kickin' on the Boulevard, my tempo's hyped and hard
I don't ask, the ICE just bogards
Sire Records puts me out, with Warner Bros. clout
My dope hits the streets with no doubt
Evil E adds the cut, then removes it
IZ checks for purity, then approves it
And then you get it, try it, and like it
And if it ain't potent, we remix and spike it
To bring you the pure dope, not a noose in a rope
Because if you're doin' crack, you're on death row
You're just a toy punk, to mess with that junk
You want some real dope, come look in my trunk
The dope I'm sellin' is life, 100% legit
So get real fool, and try some real hit
