Poor little girl
With her head in the air
There's a poorly sick world all around you

Poor horny boy
One thing on his mind
That poor little girl
He must find you

Chorus:
There's a whole lotta love
Shaking inside of me
And I must figure out why it's there

There's a bottomless heart
That's hooked into all of you
And it's wondering how much you care

Poor little girl
With a whole in her heart
There's a poorly sick world all around you

Poor horny boy
One thing on his mind
That poor little girl
He must find you

There's a whole lotta love
Shaking inside of me
And I must figure out why it's there

There's a bottomless heart

Hooked into all of you
And it's wondering how much you care

Poor little boy
Head in a whirl
There's a phony slick world all around you

That poor little girl
With her head in the air

That poor little boy he must find you

There's a whole lotta love
Shaking inside of me
And I must figure out why it's there

There's a bottomless heart
Hooked into all of you
And it's wondering how much you care

There's a need and desire I have
To express what's inside of me
I must figure it out while it's still there

And an endless amount of
Of a joy that you touch me with
Thought it's almost too much for me to bear

Poor little girl
