That is all I want to say  
Our love could save the day  
That is all I'm waiting for  
To try to love you more -

- and that is all I want to do  
To get right next to you  
That is all I'm living for,  
Your love and nothing more  
And that is all

Times I find it hard to say  
With useless words getting in my way  
Silence often says much more  
Than trying to say what's been  
Said before.

That is all I want from you

A smile when I feel blue

That is all I'm waiting for  
Your love and nothing more

And that is all

Silence often says much more  
Than trying to say what's been  
Said before.

But that is all I want to do  
To give my love to you  
That is all I'm living for,  
Please let me love you more - and  
That is all
