I'm gonna leave you here
I'm gonna leave you at the station
I've got a long way to go, baby
Woman don't you cry for me

Now I can't take no more
Now I don't need no complication
I've got a long way to go, baby
Woman don't you cry for me

There's no one place I want to be
Attachment only hurts you
Take care of yourself, baby
C'mon won't you let me be

There's just one thing I got to see
That's the Lord got to keep Him in sight
Take care of yourself, baby
C'mon won't you let me be

There's no one place I want to be
Attachment only hurts you
Better take care of yourself, baby
C'mon won't you try to see

There is just one thing I got to see
That's the Lord got to keep Him in sight
Better take care of yourself, baby
C'mon won't you let me be

Now baby here's the door
I don't need no aggravation
I've got a long way to go, baby
Woman don't you cry for me

I'm gonna leave you here
I'm gonna leave you at the station
I've got a long way to go, baby
Woman don't you cry for me

I've got a long way to go, baby
Woman don't you cry for me
