Well, the two new people that's moved to the middle of
the block
And we're at the top of the town and don't you think
we're not
For we got love and happiness, people envy us you see
For we found heaven right here on earth at 4-0-33.

Yes we found what most people are looking for
And it's not a lotta money to spend on a real fine car
But it's so when and where a bird flies and sings so
free
And there's whole lotta winds in this little house at 4-0-
33.

The four thousandth block proves what true love can do
Once a lonely place but was sold to me and you.

Oh, all around the house you can see little children play
And they're not as a people's kids were proud to say
They are the symbol of our love for all the world to see
They're a part of heaven right here on earth at 4-0-33.

And our love's on the day you can see many people
drive by
For look at the house they think they fell from the sky
They say that this place would make them as happy as
you and me
And the whole town's tryin' to buy our house at 4-0-33.

The four thousandth block proves what true love can do
Once a lonely place but was sold to me and you.

Oh all around the house you can see little children play
And they're not as a people's kids were proud to say
They are the symbol of our love for all the world to see
They're a part of heaven right here on earth at 4-0-33.

We're not gonna sell our happy little house at 4-0-33.
Wouldn't take a pretty thing for the love we had at 4-0-
33...
