Had not I tried to sleep but sleep won't come
So I'll walk the floor and face the morning sun
The past with all it's lorin' memories
Control this broken heart inside of me.

Big, big heartache hurt me so
How can I make my foolish heart let go
Big, big heartache keeps hanging on
Big, big heartache since you're gone.

--- Instrumental ---

I guess that I will always be a fool
My heart will always tell me what to do
My mind tells me it's best to let you go
My heart cries out that I still love you so.

Big, big heartache hurt me so
How can I make my foolish heart let go
Big, big heartache keeps hanging on
Big, big heartache since you're gone.

Big, big heartache since you're gone...
