I've had my problems with runnin' 'round
But now I want to settle down
There nothin' I won't do to be with you
I'm gonna start this very day
Yes, I'm gonna change my way
There nothin' I won't do 'cause I love you.

I did agree to set you free
On you I have no claim
But now I see you're for me
Won't you please take back my name.

I'm gonna start this very day
Yes, I'm gonna change my way
There's nothing I won't do 'cause I love you.

--- Instrumental ---

I did agree to set you free
On you I have no claim
But now I see you're for me
Won't you please take back my name.

I'm gonna start this very day
Yes, I'm gonna change my way
There's nothing I won't do 'cause I love you...
