Don't let the stars get in your eyes, don't let the moon
break your heart
Love blooms at night, in daylight it dies, don't let the
stars get in your eyes
So keep your love for me for someday I'll return
And you know you're the only one I'll ever love.

Too many nights, too many stars
Too many moons to change your mind
If I'm gone too long don't forget where you belong
When the stars come out remember you are mine.

Don't let the stars get in your eyes, don't let the moon
break your heart
Love blooms at night, in daylight it dies, don't let the
stars get in your eyes
So keep your love for me for someday I'll return
And you know you're the only one I'll ever love.

--- Instrumental ---

Too many miles, too many days
Too many nights to be alone
So please keep your heart while we're apart
Don't stand the moonlight while I'm gone.

Don't let the stars get in your eyes, don't let the moon
break your heart
Love blooms at night, daylight it dies, don't let the
stars get in your eyes
So keep your love for me for someday I'll return
And you know you're the only one I'll ever love...
