Gold and silver have I none  
I can give you more  
Gold and silver have I none  
I can give you love.

Don't have a gold mine or a mansion  
Haven't even got you a finger ring  
Deep in my heart there's a little secret now  
I'm gonna share it with you.

Gold and silver have I none  
I can give you more  
Gold and silver have I none  
I can give you love.

They can have the gold in Fort Knox Kentucky  
As far as we're gonna stand on love  
I knew a man once had lots of money  
Cried every night for love.

Gold and silver have I none  
I can give you more  
Gold and silver have I none  
I can give you love.

I'd rather have a sweet girl's love  
Than to hold a rich man's gold  
Don't have a penny in our pockets  
I know we're gonna live on love.

Gold and silver have I none  
I can give you more  
Gold and silver have I none  
I can give you love...
