Hello heart, well, I'm glad you came a knockin'
Oh, I can see that pretty little honey's got you back a
rockin'
Well, ain't you somethin' now you got me a jumpin'
Oh, where you been, good to see you again, hello
heart.

Well, I know it's been a long time since the huggin' and
a kissin'
And I'd nearly forgot just what we'd been a missin'
Now it's good to be together. Oh, it never felt better
You gave me a scare, I thought you were gone forever.

Hello heart, well, I'm glad you came a knockin'
Oh, I can see that pretty little honey's got you back a
rockin'
Well, ain't you somethin' now you got me a jumpin'
Oh, where you been, good to see you again, hello
heart.

--- Instrumental ---

You say you did a lotta hurtin' and you took a lotta
achin'
But you never told me how close you came to breakin'
Now, it's time for some healin', she knows how we're
feelin'
Her lovin' is enough to give us both what we're needin'.

Hello heart, well, I'm glad you came a knockin'
Oh, I can see that pretty little honey's got you back a
rockin'
Well, ain't you somethin' now you got me a jumpin'
Oh, where you been good to see you again, hello heart.

Where you been, good to see you again, hello heart...
