Won't somebody help the people who ain't lovin'
Help them find an old love like we do
Heaven help the people who ain't lovin'
They're not livin' if they're not lovin' like me and you.

(George)

I go to bed each night lookin' forward to another lovely
day with you

(Tammy)

Knowing that an aging love like ours is staying true

(George)

And I'm proud to know that you're the only woman that I
need and understand

(Both)

And tomorrow we'll be lovin' hand in hand.

Won't somebody help the people who ain't lovin'
Help them find an old love like we do
Heaven help the people who ain't lovin'
They're not livin' if they're not lovin' like me and you.

--- Instrumental ---

(George)

I know that I've been blessed with good thing as much
as anyone could be

(Tammy)

And our love multiplies itself with each passing day we
see

(George)

And that only adds to the happiness we look forward
each today

(Both)

And nothing in this world can make it go away.

Won't somebody help the people who ain't lovin'
Help them find an old love like we do
Heaven help the people who ain't lovin'
They're not livin' if they're not lovin' like me and you.

They're not livin' life if they're not lovin' like me and

you...
