Well, I get lonely in a hurry if you left for a minute  
I go crazy inside while you were gone  
Yes, I get lonely in a hurry if you left for another  
I don't think I could take it very long.

There would be so many little teardrops fall  
I don't think that I could count them all  
And I know a heart could never ache like mine  
If I couldn't love you all the time

'Cause I get lonely in a hurry if you left for a minute  
I go crazy inside while you were gone  
Yes, I get lonely in a hurry if you left for another  
I don't think I could take it very long.

--- Instrumental ---

If you ever took your love away from me I'd die  
I don't think that I might live in memories  
And for sure I know that I would lose my mind  
If I couldn't love you all the time.

'Cause I get lonely in a hurry if you left for a minute  
I go crazy inside while you were gone  
Yes, I get lonely in a hurry if you left for another  
I don't think I could take it very long.  
I don't think I could take it very long...
