(Both)

If you don't wanna kiss me, say so baby
Somebody else will, somebody else will, somebody else
will
If you don't wanna kiss me, say so baby
Somebody else will, somebody else will kiss me better.

(Margie)

Well, I ain't a gonna beg you for your love anymore
Ever since the first time I have done learned the score
Well, I thought I had to have you once but that's in the
past
Now I find out I'm free from you, yeah, I'm free at last.

(Both)

If you don't wanna hold me, say so baby
Somebody else will, somebody else will, somebody else
will
If you don't wanna hold me, say so baby
Somebody else will, somebody else will hold me better.

--- Instrumental ---

If you don't wanna love me, say so baby
Somebody else will, somebody else will, somebody else
will
If you don't wanna love me, say so baby
Somebody else will, somebody else will treat me
better...
