There's a closet full of dresses that I bought you  
And here's the keys to the new car in the drive  
And before you leave our room put on your best  
perfume  
If you're gonna do me wrong, do it right.

Oh, the next time that old phone rings, I won't answer  
'Cause I don't want to be the fool I was tonight  
I don't want to know the truth, I don't want to see the  
proof  
If you're gonna do me wrong, do it right.

If you're gonna break my heart all to pieces  
Then just walk right out and leave me, and let's end it  
all tonight  
Take off your wedding band when he takes you by the  
hand  
If you're gonna do me wrong, do it right.

Take off your wedding band when he takes you by the  
hand  
If you're gonna do me wrong, then do it right.
